America's  
Neighborhoods

Dear Mr. Carl Bryant,

My name is Dave Grech, I am the sales manager for Centex Homes at Creekside Landing. We, as you probably know are a new sub-division here in York County. We have a concern and because of it a request that the street name of Yawl Court be replaced by another selection. Many of the people coming into our office have had negative things to say about it. And more importantly, all of the people who are in contract to buy on that street would be happy if it were named differently. No customer has closed on his deal yet. That won't happen until about January 2004. So we are the sole owners of that property. The name Spinnaker Way is what we would like to replace it with. Eric Markowski who I believe you have spoken with is our land development representative and is totally aware of this situation.

Thank you,

Dave Grech
